Lightweight

Available in Fiberglass

Stair Access

A-Frame

The UltraStep allows you to:

- Adjust both the front and back for safe, easy use on any A-frame job—including stairs, ramps, counter-tops, and uneven surfaces.
- Enjoy the unique tripod design's light weight and ease of use without sacrificing stability or strength.
- Feel the extra lateral stability and comfort from wide flares on the front and back.
- Use the versatile tripod design to easily set up in tight corners, between wall studs, and in trees and bushes.
- The UltraStep exceeds all OSHA and ANSI standards and is rated to hold up to 300 lbs at a fraction of the weight and price of other comparable ladders.
